

HMLA-269 MARINE and FAMILY READINESS PROGRAM

ENDSTATE:

“Gunrunner Marines and Families are informed, educated, prepared for deployment, and involved in our squadron community.”

INFORMED:

It is my responsibility to provide official, two-way communication for the HMLA-269 Command and Families. Additionally, I provide an avenue for families and service members to access resources, referrals, information, and support on every aspect of military life. Quarterly the command will release a newsletter with the most up to date information concerning the squadron.

EDUCATED:

In order to be educated you must know where to go to learn. The Marine Corps has tailored classes to ensure that you have the opportunity to learn about the organization and to receive the support necessary to be a successful Marine Corps family. Welcome aboard briefs, LINKS, Pre-deployment briefs, and In the Midst are just a few of the classes available. These classes offer more than described in the title, they offer the opportunity to build a support network through new relationships.

PREPARED:

Deployment requires a plan. I’m here to assist you in developing that plan prior to the expectation of orders. Knowing that you are prepared should a deployment present itself, will alleviate time and stress associated with last minute preparations.

INVOLVED:

HMLA-269 is a Family. It’s comprised of Marines, Spouses, Children, Parents, and Friends. Periodically, time will be set aside to allow morale building and the opportunity for our individual families to meet one another. I encourage you to come to these events! It will offer you the chance to build a support network within our Squadron Community. You’ll also have the opportunity to involve yourself through volunteering. We have the Gunrunners helping Gunrunners program which includes our Christmas Angel Tree, meals for Gunrunner families, and the opportunity to help an occasional “Marine in need.” You also have the option of becoming a Squadron Morale Volunteer, Assistant, or Advisor. For more information on volunteering please contact me.
