

LAWMAN 06 PHILOSOPHY

BE READY

- Unsurpassed technical and tactical subject matter expertise.
- Physically Fit and Mentally Healthy Marines/Sailors and Families.
- Family and home cared for, fiscally in order, and ready to fight without you.
- Bags packed mentality (seriously – Gear in Order!).

BE ON TIME

- No excuses. If we can't be on time for a RIO or brief, or an aircraft ready for launch, how will we be on time to do our job in combat?
- It says everything about you! Not being on time demonstrates a lack of respect to those who are waiting on you, regardless of rank. If you are late, it says you don't care.
- Gunrunners will be on time. It's half the battle!

BE PERFECT

- We are a Gunrunner Family; every interaction, teaching moment, or chance to inspire greatness with another Gunrunner must be meaningful, valued, and positive. There is no room for anything less than personal perfection when interacting with another Gunrunner!
- You represent the Gunrunners at all times, always the First and the Finest; personal conduct on and off duty must be above reproach...model Citizens, Marines, and Sailors at all times.
- We Maintain aircraft, and we Fly and Fight! It's that simple.
- We wait for the horn...we want to be on the line and in the seat...it is our calling. Quiet, competent, and confident professionals whose destiny is Gunrunners on station.

"Our Best on the Worst Day"

Ralph B. Tompkins
Commanding Officer
Gunrunner 06
